## Rebecca Callahan Appointed President of SourceRight Solutions

*SourceRight Solutions sets industry agenda with integrated sourcing approach and expanded service offerings*

**FORT LAUDERDALE, Fla. — September 15, 2009 —** Spherion Corporation (NYSE: SFN) today announced that Rebecca Callahan will become president of SourceRight Solutions. This appointment underscores Spherion's commitment to expanding one of its key divisions and complements the recent rebranding of Spherion RPO to SourceRight Solutions. Under Callahan's leadership, SourceRight Solutions will deliver an expanded suite of integrated sourcing strategies that include recruitment process outsourcing (RPO), managed service programs and contingent workforce compliance solutions.

"The recent rebranding of our RPO division to SourceRight Solutions reflects a key shift in the hiring marketplace as companies require more comprehensive sourcing structures," said Bill Grubbs, executive vice president and chief operating officer of Spherion. "Rebecca Callahan is highly respected in the RPO space, and she will continue to uphold the highest standards for quality service as she spearheads the integration of workforce solutions that focus on delivering the most innovative strategies for sourcing and managing the workforce."

Reflecting the changing direction of the marketplace and the growing interest from clients for more integrated workforce solutions, SourceRight Solutions will combine its industry leadership in RPO with its capabilities in managing an organization's contingent workforce, contractor compliance and professional payrolling programs. The company plans to introduce its expanded service line under the SourceRight Solutions brand in November.

"As president of SourceRight Solutions, I look forward to working with our clients to implement sourcing approaches that will deliver a full range of integrated solutions to take their workforce performance to the next level," said Callahan.

Since early 2008, Callahan has led Spherion's RPO business, successfully implementing a strategy that included international expansion and an enhanced value proposition, as well as a more flexible and scalable operating model. Under her leadership, SourceRight Solutions has received some of the highest accolades in the industry, including the top score for client satisfaction and service quality in *HRO Today's* 2009 'Baker's Dozen' ranking.

Callahan joined Spherion in 2003 as vice president of the assessment group, followed by a role as senior vice president of sales where she was instrumental in the development of the company's client acquisition strategy. She has more than 20 years of extensive sales and business operations experience in the services industry and has held senior sales positions at both private and publicly traded companies including Blue Pumpkin Software and PageNet.

#### **About SourceRight Solutions**
